Description:

My home is a single family dwelling in an area called Smyrna Village, which is in the south edge of Louisville. Ours is a quiet residential area with none of the busy Derby confusion. The drive way will accommodate three cars. The house is a 1,100 sq.ft. one story with a finished basement. The main floor has 2 bedrooms, bath, den, living room, sun room, and kitchen. The 800 sq ft basement has a TV room, ping pong rec. room and full bath. The basement will be converted to a bedroom with a full size bed and appropriate bedroom furnishings. Pets are not welcome and I will not have laundry available. Towels and bedding will be provided. I will accept a maximum of 6 people. Listing price for home 5 years ago was \$120,000. I have not rented like this before so i do not know how much to ask for the three days. I will be residing in the neighborhood while rented.
